Coaches Corner

Martin Lawrence started tennis later in his high school career but still made the varsity team only 5 months after he started playing. He discovered pickleball as fun activity his whole family could be involved in. Martin loves that while pickleball is an easy sport that everyone can start playing, it requires practice and strategy to improve your game and win matches. He also likes playing a sport he can win against his little brother, since he hasn't beaten Marcus in tennis since 2016!

Martin also enjoys drone flying (but not drone crashing). His pickleball goal is to win a tournament in the next year (maybe he'll team up with Marcus to take on Ben Johns)!

Marcus Lawrence

Marcus Lawrence, like so many pickleball players, comes from a tennis background. He has been loving tennis since he was 9 years old, and has earned the ITA Arthur Ashe Leadership award, representing the east coast! His older brother, Martin, got him into pickleball, and he and his brother both recently became PPA certified as pickleball coaches. Marcus also likes to snowboard, play fortnite, is a darn good yo-yoer, and is trying to get into golf. His pickleball goal is to beat Ben Johns...let's hope he makes it happen on the Ridge Club courts!
